Newcastle PCYC, Cnr Young & Melbourne Streets, Broadmeadow NSW 2292.

Satoshi Takeda Sensei 7th Dan, Vice president of AKI. Satoshi Sensei holds a deep sense of loyalty to the teachings of Takeda Yoshinobu Shihan and the ethics of O'Sensei's Aikido, while still holding true to his individual personality. Though his approach has matured and mellowed over his many years of practice, Satoshi sensei's approach is likened to that of a samurai spirit with an emphasis on sword, jo and spear. Satoshi sensei's technique is alive, sharp and convincing with a heightened sense of reality through the body Arts. Regardless of ones Aiki prowess, participants will be able to extract a number of useful Aiki concepts from this seminar with Takeda Satoshi Sensei.
